## Katy Free

With her wide array of musical experiences, interest in various genres, and her desire to be the very best musician she can be, Katy is in constant study and strives to share her deep love of music with her audiences. Her musicality, savvy use of drama, and creativity are spurred by influences from Sammy Davis Jr. to Post Modern Jukebox. Katy, above all, gives of herself to her listeners in shows and recordings that are all her own.

"Her voice makes me go 'Ahh'" - Cynthia Ripley  
iTheatrics

"Her voice is a layer of warm honey drizzled over old standards." - Steve Wildsmith, The Daily Times

"Katy...has a velvet voice that can lift you to heaven and throw you back down again...And Katy can rock out! Who knew?" -Alan Sims, Knoxville Urban Guy
